## Google Home

This voice-powered assistant can do such things as tell you the day's news and weather, read off your calendar, and tell you how long it'll take you to get to work.

The Google Home devices also provide an auditory interface for other smart home devices, such as lights, locks, and plugs. Google Home can be used with TVs running the Android TV operating system, as well as Chromecast devices, so you can simply say "Ok Google, play YouTube," and the app will show up on
